06 · WHAT YOU CAN EXPECT, AND WHAT WE EXPECT

01 Every course is hands-on. You work on your own computer in every session, and you finish each module with something you built.

02 You receive a certificate with your name, the course and a unique ID after you complete every module and the final project. Anyone can check the ID at kataf.pk/verify.

03 An internship follows every course. The dates, hours and terms are explained to you at admission, before you pay.

04 Men and women study in separate batches. The batch and timing you tick here are confirmed to you in writing.

05 I will attend regularly, finish the assigned practice, and treat the institute, its equipment and other students with respect.

06 The fee, instalments and any refund terms are given to me in writing, and I have read them before paying. The details on this form are correct.
