AL-KAUSAR
COMPUTER INSTITUTE

BEGINNER COURSE

COURSE 1 OF 9

Computer Essentials

The computer skills every office job asks for.

10 weeks	3 × 2 h	60 h	Included
ESTIMATED DURATION	CLASSES PER WEEK	HANDS-ON CLASS TIME	INTERNSHIP + CERTIFICATE

WHAT YOU WILL LEARN

- ✓ Use Windows, files and folders confidently, and type at a useful speed.
- ✓ Write, format and print professional documents in Microsoft Word.
- ✓ Build spreadsheets with formulas, tables, charts and pivot tables in Excel.
- ✓ Design and deliver a clear presentation in PowerPoint.
- ✓ Work on shared files with Google Workspace and stay safe online.

TOOLS YOU WILL USE

Windows · Microsoft Word · Microsoft Excel · Microsoft PowerPoint · Google Workspace · Gmail / Outlook

WHO IT IS FOR

Students, job seekers, office staff and business owners. No computer experience needed.

BEFORE YOU START

None.

WHERE IT LEADS

Office assistant · Data entry operator · Administrator · Receptionist · Business owner who runs their own paperwork

Your course, step by step

8 MODULES · EVERY ONE HAS A HANDS-ON LAB

01 Computer and Windows basics — WK 1

Hardware and software, in plain words · The Windows desktop, settings and shortcuts · Files, folders, drives and USB storage

02 Typing and keyboard shortcuts — WK 2

Home-row touch typing and posture · Accuracy first, then speed · The 25 shortcuts that save the most time

03 Internet, email and online safety — WK 3

Browsers, tabs, bookmarks and downloads · Searching properly and judging sources · Creating and using a professional email account

04 Microsoft Word — WK 4–5

Typing, selecting and formatting text · Paragraphs, spacing, lists and indents · Styles and keeping a document consistent

05 Microsoft Excel — WK 6–7

Cells, rows, columns and formatting · Formulas and functions: SUM, AVERAGE, IF, COUNTIF, SUMIF · XLOOKUP and VLOOKUP for finding data

06 Microsoft PowerPoint — WK 8

Slide layouts and the slide master · Design rules: one idea per slide · Images, icons, charts and tables

07 Google Workspace — WK 9

Google Docs, Sheets and Slides · Sharing, comments and version history · Drive, folders and permissions

08 Capstone project — WK 10

Choose a real small-business scenario · Plan the documents, sheet and presentation you need · Build, review and revise

YOU FINISH WITH A REAL PROJECT

A complete office pack for a small business: a letter and CV set in Word, a price and sales sheet with formulas and a chart in Excel, and a ten-slide presentation.

INTERNSHIP **Office and data intern.** After the course, work with the team on real tasks, with feedback.
