AL-KAUSAR
COMPUTER INSTITUTE

BEGINNER COURSE

COURSE 2 OF 9

Graphic Designing

A first full course in design.

14 weeks	3 × 2 h	84 h	Included
ESTIMATED DURATION	CLASSES PER WEEK	HANDS-ON CLASS TIME	INTERNSHIP + CERTIFICATE

WHAT YOU WILL LEARN

- ✓ Apply layout, hierarchy, colour and typography to any design.
- ✓ Edit and compose images in Photoshop.
- ✓ Draw logos and icons as vectors in Illustrator.
- ✓ Prepare print-ready files for a real press.
- ✓ Present a starter portfolio of three to five finished pieces.

TOOLS YOU WILL USE

Adobe Photoshop · Adobe Illustrator · Canva · A pen and sketchbook

WHO IT IS FOR

School and college students, press and shop staff moving into design, and anyone starting freelance design work. You do not need to draw.

BEFORE YOU START

None. You start from zero.

WHERE IT LEADS

Junior graphic designer · Social media designer · Print designer · Freelance designer

Your course, step by step

7 MODULES · EVERY ONE HAS A HANDS-ON LAB

01 Design foundations — WK 1-2

What a client brief is, and how to read one · Layout, grids and alignment · Visual hierarchy and focus

02 Colour and typography — WK 3-4

Colour theory: hue, saturation, brightness · Building a palette and checking contrast · Typeface families, weights and pairing

03 Photoshop essentials — WK 5-7

The interface, documents and resolution · Layers, masks and smart objects · Selections and cut-outs

04 Illustrator essentials — WK 8-10

Vector vs raster, and why it matters · The pen tool and shape builder · Paths, anchor points and curves

05 Canva and quick design — WK 11

Using templates properly, not copying them · Brand colours and fonts in Canva · Posts, banners and short presentations

06 Print basics — WK 12

Bleed, trim and safe margins · CMYK vs RGB · Resolution and file formats

07 Portfolio and capstone — WK 13-14

Choosing your strongest work · Writing a short case study for each · Presenting work to a client

YOU FINISH WITH A REAL PROJECT

A mini brand for a real local business: logo, visiting card, flyer and a three-post social media set, presented as a short case study.

INTERNSHIP **Design intern.** After the course, work with the team on real tasks, with feedback.
